

DRAFT MODEL SCALE OF RATES OF MAJOR PORTS AND PRIVATE TERMINALS

The existing Scale of Rates of Major Port Trusts and private terminal operators are found to vary widely with reference to the conditionalities governing application of the rates. In order to bring in uniformity, transparency and standardization, this Authority constituted a Committee comprising members from a few Major Port Trusts, Indian Private Port and Terminals Association (IPPTA) and some representative bodies of port users for drafting model Scale of Rates for Major ports and Private terminals.

2. The Committee has submitted its report and draft model Scale of Rates in respect of (a). Major Port Trusts, (b) Private Container Terminals (c). Private bulk terminals. The Report of the Committee and the draft model Scale of Rates can be downloaded for reference.

- Report of the Committee
- Draft Model Scale of Rates
 - (a). Major Port Trusts
 - (b). Private Container Terminals
 - (c). Private bulk terminals

3. The report has already been forwarded to all the Major Port Trusts, Private Terminals and user organisations for their comments / suggestions.
