
As stipulated in the tariff guidelines of 2005, this Authority announces the escalation factor to be considered for the expenditure projections to be applied in the tariff cases of the BOT Terminal operators governed under Tariff Guidelines of 2005 for the tariff cases decided during the year.

2. Accordingly, based on the review made by the Authority in this regard, an escalation factor of 3.45% for the expenditure projections will be applied in all the tariff cases of BOT terminal operators governed under Tariff Guidelines of 2005, for the tariff cases to be decided in the financial year 2018-19.
