NOTIFICATION

In exercise of the powers conferred under Sections 48, 49 and 50 of the Major Port Trusts Act, 1963 (38 of 1963), the Tariff Authority for Major Ports hereby notifies the revised Scale of Rates and Performance Standards disposing of the proposal of the Mormugao Port Trust for general revision of its Scale of Rates as in the Order appended hereto.

(T.S. Balasubramanian)
Member (Finance)
This case relates to the proposal received from the Mormugao Port Trust (MOPT) for general revision of its Scale of Rates (SOR).

2. The MOPT has vide its letter dated 30 June 2016 filed a proposal for general revision of its Scale of Rates. The said proposal was taken on consultation with the concerned users/organisation bodies. The comments furnished by the users/organisation bodies were forwarded to the MOPT. The MOPT has responded to the comments of the users/organisation bodies. A joint hearing in this case was held on 22 August 2016 at the MOPT premises in Mormugao. At the joint hearing, the MOPT and the concerned users/organisation bodies have made their submissions. The proposal of the MOPT was internally scrutinized in the office. The additional information/clarifications were sought from the MOPT. The MOPT has responded to the additional information/clarifications. While responding to the additional information/clarifications, the MOPT has filed the revised draft SOR and modified estimates of revenue.

3. With reference to the totality of information collected during the processing of the case, this Authority has passed a speaking Order disposing of the proposal filed by the MOPT for general revision of its Scale of Rates.

4.1. The Order passed by this Authority is in the process of notification in the Gazette of India which is likely to take some more time for notification. This Authority desires that the revised Scale of Rates and Performance Standards may come into force without waiting for notification of the detailed Speaking Order. Therefore, this Authority notifies the revised Scale of Rates and Performance Standards of the MOPT immediately which is attached as Annex - I and Annex - II respectively.

4.2. The revised Scale of Rates and Performance Standards will come into force after expiry of 30 days from the date of notification of this Order notifying the Scale of Rates and Performance Standards. The Speaking Order passed by this Authority will be notified separately and communicated to the MOPT and the relevant users/user organisations in due course of time.

5. The validity of the existing SOR of the MOPT was last extended till 30 June 2016 or till the effective date of implementation of the revised Scale of Rates, whichever is earlier. On 30 June 2016, the MOPT had filed a proposal for revision of the SOR which has culminated into this revised SOR approved by the Authority. By the time the Order approved comes into effect, it may be around December 2016. That being so, the validity of the existing Scale of Rates including the Special rate may be deemed to have been extended from the date of expiry till the revised SOR comes into effect.

(T.S. Balasubramanian)  
Member (Finance)
Mormugao Port Trust

SCALE OF RATES

Definitions - General

In this Scale of Rates unless the context otherwise requires, the following definitions shall apply:

(i). "Coastal vessel" shall mean any vessel exclusively employed in trading between any Port or place in India to any other port or place in India having a valid coastal license issued by the Director General of Shipping / competent authority.

(ii). "Cold Move" shall mean movement without the power of the engine of the vessel.

(iii). "Combination Loading" denotes loading of vessel primarily at berth and then topping-up in stream.

(iv). "Foreign-going Vessel" shall mean any vessel other than Coastal vessel.

(v). "Stream Loading" denotes loading of vessel exclusively at places other than at berths.

(vi) “Vessel Completion Date (VCD)” means the date on which import/export operation of the vessel is fully completed.

(vii) “Shut out cargo” shall mean any cargo brought into the port for shipment but not shipped by the designated vessel and is lying in the port premises.

General Terms & Conditions

(i). The status of the vessel, as borne out by its certification by the Customs or the Director General of Shipping, is the relevant factor to decide whether vessel is 'coastal' or 'foreign-going' for the purpose of levy of vessel related charges; and, the nature of cargo or its origin will not be of any relevance for this purpose.

(ii). A. System of classification of vessel for levy of Vessel Related Charges (VRC).
   (a). A foreign going vessel of Indian flag having a General Trading Licence can convert to coastal run on the basis of a Customs Conversion Order. Such vessel that converts into coastal run based on the Customs Conversion Order at her first port of call in Indian Port, no further custom conversion is required, so long as it moves on the Indian Coast.
   
   (b). A foreign going vessel of foreign flag can convert to coastal run on the basis of a Licence for Specified Period or voyage issued by the Director General of Shipping and a Custom Conversion order.

B. Criteria for levy of Vessel Related Charges (VRC) at Concessional Coastal rate and foreign rate

(a). In cases of such conversion, coastal rates shall be chargeable by the load port from the time the vessel starts loading coastal goods.

(b). In cases of such conversion coastal rates shall be chargeable till the vessel completes discharging operations at the last call of Indian Port; immediately thereafter, foreign going rates shall be chargeable by the discharge ports.

(c). For dedicated Indian coastal vessels having a Coastal licence from the Director General of Shipping, no other document will be required to be entitled to coastal rates.

(iii). Criteria for levy of Cargo Related Charges (CRC) at Concessional Coastal rate

(a). Foreign going Indian Vessel having General Trading License issued for ‘worldwide and coastal’ operation should be accorded applicable coastal rates with respect to Handling Charges (HC) i.e. ship to shore transfer and
transfer from/to quay to/from storage yard including wharfage in the following scenario:

(i). Converted to coastal run and carrying coastal cargo from any Indian Port and destined for any other Indian Port.

(ii). Not converted* to coastal run but carrying coastal cargo from any Indian Ports and destined for any other Indian Port.

* The Central Board of Excise and Customs Circular no. 15/2002-Cus. dated 25 February 2002 allows carriage of coastal cargo from one Indian port to another port in India, in Indian flag foreign going vessels without any custom conversion.

(b). In case of a Foreign flag vessel converted to coastal run on the basis of a License for specified period or voyage issued by the Director General of Shipping, and a Custom Conversion Order, the coastal cargo/container loaded from any Indian Port and destined for any other Indian Port should be levied at the rate applicable for coastal cargo/container.

(iv). (a). Vessel related charges shall be levied on Ship-owners/Steamer Agents. Wherever rates have been denominated in US dollar terms the charges shall be recovered in Indian Rupees after conversion of US currency to its equivalent Indian Rupees at the RBI Reference Rate. The date of entry of the vessel into the port limit shall be reckoned with as the day for such conversion.

(b). Container related charges denominated in US dollar terms shall be collected in equivalent Indian Rupees. For this purpose, the RBI Reference Rate prevalent on the date of entry of the vessel in case of import containers; and on the date of arrival of the containers in the port premises in case of export containers shall be applied for conversion of dollar denominated charges.

(v). A regular review of exchange rate shall be made once in thirty days from the date of arrival of the vessels in cases of vessels staying in the port for more than thirty days. In such cases, the basis of billing shall change prospectively with reference to the appropriate exchange rate prevailing at the time of the review.

(vi). (a). The vessel related charges for all coastal vessels should not exceed 60% of the corresponding charges for other vessels.

(b). Cargo/container related charges for all coastal cargo/containers, other than thermal coal, POL, including crude oil, Iron Ore and Iron Ore Pellets, should not exceed 60% of the normal cargo/container related charges.

(c). In case of cargo related charges, the concessional rates should be levied on all the relevant handling charges for ship-shore transfer, and transfer from/to quay to/from storage yard including wharfage.

(d). In case of container related charges, the concession will be applicable on all the relevant charges for ship-shore transfer, and transfer from/to quay to/from storage yard as well as wharfage on cargo and containers.

(e). In case container/cargo from foreign port lands at MOPT for subsequent transhipment to an Indian Port on coastal voyages, 50% of the transhipment rate prescribed for foreign going and 50% of that prescribed for coastal leg shall be levied.

(vii). (a). The SOR is subject to automatic annual indexation at 100% of the WPI to be annually announced by the Authority. The next annual indexation will be from 1 April 2017 subject to the MOPT achieving the performance standard notified along with the SOR. If Performance Standards prescribed in the SOR are not achieved, there will be no indexation in the SOR for that particular year.

(b). The port should declare the Performance Standards achieved by it annually for the period 1 January to 31 December vis-à-vis the Performance Standards notified
by the Authority at the level committed by the port within one month of end of the calendar year to the concerned users as well as to the Authority. If the Performance Standards as notified by the Authority are achieved by the port, then the port will automatically index the SOR at 100% of WPI announced by the Authority and apply the indexed SOR w.e.f. 1 April of the relevant year. The indexed SOR by the MOPT to be intimated by the port to the concerned users and to the Authority.

(viii). Interest on delayed payments / refunds:

(a). Users will not be required to pay charges for delays beyond a reasonable level attributable to the port.

(b). The user shall pay penal interest at the rate of 15% per annum on delayed payments under this Scale of Rates. Likewise, the MPT shall pay penal interest at the rate of 15% per annum on delayed refunds.

(c). The delay in refunds will be counted only 20 days from the date of completion of services or on production of all the documents required from the users, whichever is later. The refunds would be processed only after the request for refund containing all the details is made in writing.

(d). The delay in payments by user will be counted beyond 10 days after the date of raising the bills. This provision will not apply to the case where payment is to be made before availing of the services/ use of port properties as stipulated in the MPT Act, 1963 and/ or prescribed as a condition in the tariff.

(ix). All charges worked out shall be rounded off to the next higher rupee on the grand total of the bill.

(x). (a). The rates prescribed in the Scale of Rates are ceiling levels, likewise, rebates and discounts are floor levels. MPT may, if it so desires, charge lower rates and/or allow higher rebates and discounts.

(b). The Port may also, if they so desire, rationalise the prescribed conditionalities governing the application of rates prescribed in the Scale of Rates if such rationalisation gives relief to the user in rate per unit and the unit rates prescribed in the Scale of Rates do not exceed the ceiling level.

(c). The Port should notify the public such lower rates and/or rationalisation of the conditionalities governing the application of such rates and continue to notify the public any further changes in such lower rates and/or in the conditionalities governing the application of such rates provided the new rates fixed shall not exceed the rates notified by the TAMP.

(xi). Users shall not be required to pay charges for delays beyond a reasonable level attributable to the MPT.

(xii). The vessel related charges are leviable against Masters, Owners or Agents of vessels and other floating crafts approaching or lying at or alongside berths, wharfs, mooring, quay, jetties etc.

(xiii). Guidelines on priority berthing of coastal vessels at Major Ports issued by the Ministry of Shipping vide letter No.PT-11033/51/2014-PT dated 4 September 2014:

(a). “Coastal vessels” is defined as any vessel exclusively employed in trading between any port or place in India to any other port or place in India having a valid coastal license issued by the Director General of Shipping / competent authority.

(b). MOPT shall accord priority berthing, at least on one berth, to dry bulk/ general cargo coastal vessels to enable shippers to transport goods from one port in India to another port in India irrespective of origin and final destination of the cargo. This would be in addition to dedicated berth, for handling of Coastal Thermal Coal already existing in Major Ports, if any.
(c). MOPT shall accord priority berthing through specific window to coastal container vessels keeping in view the concession agreements and existing allotment of window berthing at the private terminals and availability of container berths operated by the ports.

(d). In respect of POL / Liquid cargo tankers, existing practices regarding such priorities as prevalent in various ports may continue.

(e). Coastal vessels which are accorded priority berthing shall not be liable to pay priority berthing charges.

(f). There will be no restrictions on berthing of coastal vessel, in addition to the coastal vessel berthed on priority as above, if the same is eligible under normal berthing policy of the port.

(g). A coastal vessel shall be liable to pay port charges on coastal rates notwithstanding whether it was berthed on priority or otherwise.

(h). Port should explore the possibilities of earmarking exclusive berth, storage areas and gates for coastal cargo outside the custom bonded area of the Ports to further facilitate movement of coastal cargoes.

(i). Port shall clearly work out the time limit within which a coastal vessel would be berthed in a particular port. This time limit may differ depending on the cargo and berth. Port should carry out a detailed exercise and issue a trade notice clearly indicating the upper time limit within which a coastal vessel would be given a berth in the port. As regards priority berthing through a specific window to coastal container vessels, port should have a detailed discussion with the PPP operator and publish the specific window for coastal container vessels. The above mentioned exercise and publication should be completed within 30 days from the date of issue of these guidelines.

(j). The MIS in the Port should capture data for coastal and foreign vessels cargoes separately. The data so captured shall be monitored and reported internally in the port as well as to IPA and Ministry in separate formal for coastal and foreign vessels.

(xiv). In order to decongest the ports and encourage exporters / importers to utilize the port services beyond regular hours, lower charges may be levied for cargo and vessels related services as well as special discount may be offered in port charges for the services rendered after regular hours.

[This condition is incorporated in pursuance to the MOS letter No.PD/14033/101/2015-PD.V dated 3 February 2016 based on which a common adoption Order No.TAMP/14/2016-Misc dated 16 February 2016 is approved by the Authority]

Notes:
(i). Port Dues shall be levied for each entry of a vessel except transhippers/floating cranes/vessels remaining in Port for more than thirty days, in which case the levy will be once in thirty days.

(ii). Port Dues shall not be levied on:
   (a). Any vessel, which having left the Port, is compelled to re-enter by stress of weather or in consequence of having sustained any damage.
   (b). Vessels belonging to other Indian Major Ports.
   (c). Country Crafts and Fishing Trawlers.

(iii). A vessel entering the Port in ballast and not carrying passengers shall be charged with only 75% of the Port Dues with which she would otherwise be chargeable.

(iv). A Vessel entering the Port but not discharging or taking in any cargo or passenger therein (with the exception of such unshipment and reshipment as may be necessary for purposes of repair) shall be charged with only 50% of the Port Dues with which she would otherwise be chargeable. However, the vessel arriving at the Western India Shipyard Limited (WISL) for repairs shall pay the Port Dues in full, as provided under 1.1 above.

(v). For oil tankers with segregated ballast, the reduced gross tonnage that is indicated in the 'Remarks' column of its International Tonnage Certificate will be taken to be its gross tonnage for the purpose of levy of Port Dues.

1.2. PILOTAGE

(i). The composite Pilotage-cum-towage fee includes one inward and one outward movement with required number of tugs/launches of adequate capacity and shifting/s of vessels for ‘Port convenience’. Shifting at the request of vessels will attract separate shifting charges.

(ii). Pilotage cum towage shall be charged 50% of the prescribed rates for inward and outward leg of the vessel depending upon the status of the vessel at each leg (i.e.) either Foreign going or Coastal.

(iii). Pilotage is leviable in all cases except for
   (a). Vessels which are diverted from outer anchorage without discharging or taking in any cargo or passengers.

</tbody>
</table>

Notes:
For shifting a vessel from stream to berth or berth to stream or change of berths or anchorages, separate charges are leviable. The shifting charges shall be levied on all acts of shifting, which excludes the inward and outward movements connected with the pilotage.

Any shifting operation performed for the convenience of the port shall not be charged. ‘Port Convenience’ is defined to mean any of the following:

(a). If a working cargo vessel at berth or any vessel including transhippers at anchorage/mooring buoys is shifted/unberthed for undertaking dredging work/hydrographic survey work or for allotting a berth for the dredger or for attending to repairs to berths, maintenance and such other similar works whereby shifting is necessitated, such shifting shall be considered as "SHIFTING FOR PORT CONVENIENCE". The shifting made to reposition such shifted vessel(s) shall also be considered as "SHIFTING FOR PORT CONVENIENCE".

(b). If a working cargo vessel is shifted from berth to accommodate on ousting priority, vessels which are exempted from bearing the shifting charges, such shifting shall be treated as " SHIFTING FOR PORT CONVENIENCE ".

(c). If a working cargo vessel is shifted to accommodate any other vessel for the convenience of port operations, such shifting shall be treated as "SHIFTING FOR PORT CONVENIENCE".

(iii). In case of transhippers, however, all acts of shifting are chargeable.

(iv). The following cases shall not be treated as "SHIFTING FOR PORT CONVENIENCE"

(a). Non-Cargo vessels which in any case have to vacate the berth when cargo vessels arrive.

(b). Vessels which are idling at berth without doing any cargo handling operations.

(c). Vessels not meeting the loading/unloading norms for a continuous period of three shifts.

1.2.3 Cancellation Charges:

In case of Pilots, whose services have been requisitioned for any movement but not utilized, fees as given below shall be levied.

<table>
<thead>
<tr>
<th>Sr. No.</th>
<th>Description</th>
<th>Foreign-going vessel (US $)</th>
<th>Coastal Vessels (₹)</th>
</tr>
</thead>
<tbody>

<tr>
<td>3</td>
<td>Cancellation received after Pilot boarding (In addition to the detention charges as applicable)</td>
<td>300.4458</td>
<td>8,243.63</td>
</tr>
</tbody>
</table>

Note:

(i). In case Tugs have left the station, then the rate of Tug Hire Charges at 1.5.2 shall be levied per Tug in addition to the above cancellation charges.

(ii). The cancellation charges shall not be levied if a booking for vessel’s movement is cancelled for reasons attributable to the Port.

1.2.4 Detention charges

If the vessel is not able to move within 30 minutes of Pilot boarding, then the detention charges shall apply from the time the Pilot boards the vessel.

<table>
<thead>
<tr>
<th>Sr. No.</th>

<th>Coastal Vessels (₹)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Detention Charges per Tug per Hour or Part</td>
<td>855.3692</td>
<td>23,469.62</td>
</tr>
</tbody>
</table>
Note:

(i). If an outward bound vessel carries away a Pilot outside the port limits due to the bad weather, compensation at US$ 500.00 per day in case of foreign-going vessels and ₹13,719.00 per day in case of coastal vessel shall be payable by the Master of the vessel till the Pilot reports back for duty at the Port. In addition, the boarding and lodging expenses of the Pilot on board the ship and the cost of sending him back to the Port shall be payable by the Master of the Vessel.

(ii). Charges for double banking of transhipper at West of Break water shall be 1.5 times the shifting charges applicable.

(iii). For piloting a vessel on "Cold Move", partly or fully in any operations, pilotage fee shall be levied at double the rates mentioned in the Schedule of Pilotage Fees.

(iv). The vessel after discharging cargo, goes out of Port limits for cleaning and re-enters the Port limit shall attract pilotage fees. Shifting charges shall be applicable, if cleaning of such vessel is carried out within the Port limits.

1.2.5 Special charges for Western India Shipyard Limited Dry dock at Mormugao Harbour

(i). Inward and outward Movements into / from WISL Area:
In addition to the prescribed Pilotage Fees as per the Scale of Rates, the inward and outward movement of vessels to/from WISL shall be charged the following rates.

(a) Hot Move: The actual rate of Pilotage Fees as per the Schedule of rates.

(b) Cold Move: Double the rate of Pilotage fees as per the Schedule of rates, if both inward and outward movements are cold movements. If only one is cold, then 1.5 times the rate of Pilotage fees will be charged.

Notes common to Sections 1.3 and 1.4

(i). Berth hire includes charges for services rendered at the Berth, such as occupation of Berth, overtime at Berth, telephones, rubbish removal, cleaning of Berths, fire watch, etc.

(ii). The period of 1 hour shall be calculated from the time the vessel occupies berth/anchorage.

(iii). (a). Berth hire shall stop 4 hours after the time of the vessel signaling its readiness to sail.

(b). The time limit of 4 hours prescribed for cessation of berth hire shall exclude the ship's waiting time for want of favourable tidal conditions, inclement weather and due to lack of night navigation.

(c). The master/agent of the vessel shall signal readiness to sail only in accordance with favourable tidal and weather conditions.

(d). There shall be a penal berth hire equal to one day's berth hire charge for a false signal.

"False signal " would be when a ship signals readiness and asks for a Pilot in anticipation even when she is not ready for un-berthing due to engine not being ready or cargo operation not completed or such reasons attributable to the vessel. This excludes the signalling readiness when a ship is not able to sail due to unfavourable tide, lack of night navigation or adverse weather conditions.

(iv). If a vessel is not ready to vacate the berth within 3 hours after the completion of cargo or after the expiry of notice given by the officers authorised by the MPT, she shall vacate the
berth, whichever is later, the vessel shall be liable to pay an additional berth hire charge at five times the normal rate, the incidence being reduced to per hour or part thereof.

(v). The deballasting time allowed at berths shall be 3 hours and beyond that penal Berth hire charges shall be levied at five times the normal berth hire charges, the incidence being reduced to per hour or part thereof, i.e. without any supplementary charge or rebate that may be applicable to the vessel. This will be in addition to the normal berth hire charges applicable for the entire duration of the vessels' stay at the berth.

(vi). Vessels banked on off-side of another vessel at the Berth, Berth Hire Charges shall be leviable at 50% of charges payable by the vessels.

(vii). Priority Berthing

(a). For providing "Priority Berthing" to any vessel, a fee equivalent to Berth hire charges for a single day or 75% of the berth hire charges calculated for a total period of actual stay at the Berth whichever is higher, shall be levied.

(b). Coastal vessels which are be accorded priority berthing shall not be liable to pay priority berthing charges.

(viii). Ousting Priority Berthing

(a). For providing ousting priority to a vessel, a fee equivalent to berth hire charges for single day or 100% of the berth hire charges calculated for the total period of actual stay of the vessels at berth, whichever is higher, shall be levied.

(b). In addition, shifting out/in and applicable anchorage charges of the ousted vessel shall be levied on the vessels, which are provided ousting priority. Such charges shall be based on the exchange rate as applicable to the vessel which has been ousted.

(c). Any vessel for which special exemption has been granted by the Ministry of Shipping shall be granted exemption from the payment of ousting priority charges.

<tr>
<td>(b)</td>
<td>From 11th day to 15th day</td>
<td>100%</td>
</tr>
<tr>
<td>(c)</td>
<td>From 16th day onwards</td>
<td>200%</td>
</tr>
</tbody>
</table>

**Notes:**
(i). Free Time for Import Containers – 3 Days
Free Time for Export Containers – 7 Days

(ii). Free dwell-time (storage) period for import containers shall commence from the day after the day of landing of the container and for export containers the free period shall commence from the time the container enters the terminal.

(iii). Free Period prescribed above excludes Customs notified holidays and port's non-working days.

(iv). The Storage charges on abandoned FCL Containers/ Shipper owned containers shall be levied up to the date of receipt of intimation of abandonment in writing or 75 days from the date of landing of container, whichever is earlier subject to the following conditions:

(a). The consignee can issue a letter of abandonment at any time

(b). If the consignee chooses not to issue such letter of abandonment, the container Agent/MLO can also issue abandonment letter subject to the condition that,

(i). the Line shall resume custody of container along with cargo and either take back it or remove it from the port premises; and

(ii). the line shall pay all port charges accrued on the cargo and container before resuming custody of the container.

(c). The container Agent/MLO shall observe the necessary formalities and bear the cost of transportation and destuffing. In case of their failure to take such action within the stipulated period, the storage charge on container shall be continued to be levied till such time all necessary actions are taken by the shipping lines for destuffing the cargo.

(d). Where the container is seized / confiscated by the Custom Authorities and the same cannot be destuffed within the prescribed time limit of 75 days, the storage charges will cease to apply from the date the Custom orders for release of the
cargo subject to lines observing the necessary formalities and bearing the cost of transportation and destuffing. Otherwise, seized / confiscated containers should be removed by the line/consignee from the port premises to the customs bonded area and in that case the storage charge shall cease to apply from the date of such removal.

(v). Storage charge on container shall not accrue for the period when the port is not in a position to deliver/ship container when requested by the user.

(vi). If operational area is leased on rental to users, storage charge on Cargo/ container shall not be levied.

2.2.3 Reach Stacker Charges for Additional Moves

<table>
<thead>
<tr>
<th>Sr. No.</th>
<th>Description</th>
<th>Rate per Move (₹)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Reach Stacker</td>
<td>710.00</td>
</tr>
</tbody>
</table>

**Note:**  
(i). It is mandatory to use only the Port’s Reach Stacker subject to its availability to the hirer for operations in cases when the Reach Stacker though requisitioned but could not be spared by the MOPT for reason like maintenance, overhaul repairs, non-availability because of being hired by another party etc. as certified by the authorised officer of the MOPT, private equipment will be allowed to be used for operations.

2.2.4 Reefer Point Charges

<table>
<thead>
<tr>
<th>Sr. No.</th>
<th>Description</th>
<th>Rate Per Container Per 4 hours or Part thereof (₹)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Container of length upto 20'</td>
<td>234.00</td>
</tr>
<tr>
<td>2</td>
<td>Container of length above 20'</td>
<td>302.00</td>
</tr>
</tbody>
</table>

**Notes:**  
In case of reefer charges, the rates shall stand revised in the proportion of increase in the electricity tariff as revised by the state Electricity Board/Electricity supplier.

**General Note to Schedule:**

2.2. relating Container Handling Charges:

(i). There shall be no shifting charge for shifting of containers due to reasons not attributable to the users.

2.3. CARGO STORAGE CHARGES

2.3.1 Dry Bulk

2.3.1.1 Import

(i). **Free period** – A free period of three (3) days shall be allowed for import cargo. The Free period for import cargo shall be reckoned from the day following the Vessel Completion Date.

(ii). **“Vessel Completion Date (VCD)”** means the date on which import operation of the vessel is fully completed.

(iii) **Normal Rent** – Normal rent @ ₹2.00 per ton per day shall be payable after the expiry of free period which will be calculated based on the daily delivery rate as follows after complete discharge of vessel’s cargo.

<table>
<thead>
<tr>
<th>Commodity</th>
<th>Delivery Rate per Day (Tonnes)</th>
</tr>
</thead>
<tbody>
<tr>
<td>(a). MOP, Rock Phosphate, Urea, etc. (for all types of fertilizers)</td>
<td>1500</td>
</tr>
<tr>
<td>(b). Woodchips</td>
<td>1500</td>
</tr>
</tbody>
</table>
(c). Iron Ore/Pellets | 1500
(d). Limestone | 1500
(e). Scrap | 2000
(f). Any other bulk cargo not specified above | 2000

(iv). **Demurrage** – Demurrage shall be payable after the expiry of Normal period at the rates given below:

<table>
<thead>
<tr>
<th>Period (after expiry of Normal period)</th>
<th>Rate per tonne per day (₹)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 - 10 days</td>
<td>6.00</td>
</tr>
<tr>
<td>11 - 20 days</td>
<td>12.00</td>
</tr>
<tr>
<td>21 - 30 days</td>
<td>24.00</td>
</tr>
<tr>
<td>31st day onwards</td>
<td>48.00</td>
</tr>
</tbody>
</table>

2.3.1.2. Export

(i). Free period – A free period of 20 days shall be allowed starting from the date of commencement of aggregation of cargo meant for shipment into the Port premises.

(ii). Demurrage

Demurrage on all types of cargo shall be payable on expiry of free days at the following rate:

<table>
<thead>
<tr>
<th>Period (after expiry of Free Period)</th>
<th>Rate per tonne per day (₹)</th>
</tr>
</thead>
<tbody>
<tr>
<td>21 - 30 days</td>
<td>1.00</td>
</tr>
<tr>
<td>31 - 45 days</td>
<td>3.00</td>
</tr>
<tr>
<td>46th day onwards</td>
<td>6.00</td>
</tr>
</tbody>
</table>

(iii). Demurrage shall cease from the date of commencement of loading of cargo into the vessel.

(iv). Shut-out Cargo –

(a). The demurrage shall be payable for shut-out cargo from the date of completion of the vessel till the clearance of the cargo at the rate as specified above.

(b). A shut-out cargo shall be treated as an aggregation of cargo for the next shipment if the exporter or his authorized representative declares their intent within 24 hours of the Vessel Completion Date, to ship the said shut-out cargo. In such case, the free period for the next shipment shall commence from the date of entry of such shut-out cargo into the Port premises.

(v). Demurrage on both import and export cargo shall not accrue for the period when the port is not in a position to deliver/ship cargo when requested by the user.

2.3.2 Break Bulk

2.3.2.1 Import

(i). Free period – A free period of three (3) days shall be allowed for import cargo. The Free period for import cargo shall be reckoned from the day following the Vessel Completion Date.

(ii). “Vessel Completion Date (VCD)” means the date on which import operation of the vessel is fully completed.

(iii). Demurrage

Demurrage shall be payable on expiry of free days at the following rates:

<table>
<thead>
<tr>
<th>Period (after Free period)</th>
<th>Rate per tonne per day (₹)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 - 7 days</td>
<td>7.00</td>
</tr>
<tr>
<td>8 - 15 days</td>
<td>14.00</td>
</tr>
</tbody>
</table>
2.3.2.2 Export

(i). Free period – A free period of 12 days shall be allowed starting from the date of commencement of aggregation of cargo meant for shipment into the Port premises.

(ii). Demurrage
Demurrage on all types of cargo shall be payable on expiry of free days at the following rate:

<table>
<thead>
<tr>
<th>Period (after Free period)</th>
<th>Rate per tonne per day (₹)</th>
</tr>
</thead>
<tbody>
<tr>

</tbody>
</table>

Any Cargo not specified above shall be grouped as per any of the above classifications depending on the nature of the cargo

Notes to Section 2.4.:

(i). The rates prescribed in Schedule 2.4.1 (A) and (B) are subject to revision based on a separate proposal filed by the MOPT for fixation of upfront tariff for stevedoring and shore handling operations at MOPT in pursuance of Guidelines issued by Ministry of Shipping for Determination of Upfront Tariff for Stevedoring and Shore Handling Operations authorised by Major Ports.

(ii) In case of handling coastal cargo eligible for concessional tariff and for coastal containers involving ship-shore transfer from/quay to/from storage yard, 60% of the rates prescribed for normal cargo in the above schedules will be levied if not prescribed specifically in this schedule.

(iii). The average output per hook /shift per vessel shall be arrived as follows:

(a). The tonnage as per Bill of Lading shall be divided by the number of hooks employed for the vessel to determine the tonnage per hook for the vessel.

(b). In the case of shore operations the shift-wise tonnage as per tally sheet based on the lorry / railway/packing list will be the basis for billing.

(c). The fraction of output below 0.5 shall be ignored and 0.5 and above shall be rounded off to the next higher tonne.

(iv). The handling charges for transhipment container shall be concessional rate not exceeding 1.5 times the handling charges for normal handling operation in loading or unloading cycle.
The handling charges for transshipment containers/cargo shall be concessional. Such charges shall not exceed 1.5 times the handling charges for the normal handling operation in loading or unloading cycle. In case of transshipment of coastal containers/cargo, the concession in handling charges shall be calculated with reference to the applicable handling charges for coastal containers/cargo for the normal handling operation in loading or unloading cycle. The declaration of the containers/cargo meant for transshipment shall be made at the time of filing of Import General Manifest (IGM). Such containers/cargo meant for transshipment shall be transshipped within seven days from the date of their landing.

<tr>
<td>Hazardous Container Empty</td>
<td>1,603.00</td>
<td>2,405.00</td>
</tr>
</tbody>
</table>

Notes:
(i). The formula for calculation of average berth-day out put is as follows:
   Total Quantity loaded / unloaded by the HMC
   --------------------------------------------------------------- X 24 hours
   Total time taken from vessel commencement to completion

(ii). According to the average berth-day output for the vessel from commencement to completion of loading / discharge of cargo, the appropriate rate of crane hire charge will be chosen for recovery from port users for the full quantity of cargo loaded / discharged.

(iii). If one HMC works with another HMC or ELL crane/s, the Berth-day output for the crane will be ascertained on the basis of the quantity as recorded by the HMC’s load meter.

(iv). In case of breakdown of the crane for more than one hour till the vessel leaves the berth, the quantity handled by HMC will be determined taking into account cargo loaded / discharged prior to break-down divided by crane working hours and multiplied by 24.

(v). In case of stoppages of operation of HMC for more than two hours at a stretch for reasons not attributable to the HMC, appropriate allowance will be allowed to the crane while calculating the total time of crane operation in the vessel. Stoppages of HMC for less than 2 hours will not be taken into consideration for the above purpose. No allowance will be allowed for stoppages attributable to the HMC. All stoppages in loading / unloading operations during working of HMC are required to be certified by the Stevedore of the vessel in the daily vessel performance report.

(vi). In case shifting of a vessel becomes necessary due to breakdown / non-performance of HMC, the shifting charges of the vessel from berth to anchorage will be recovered from the crane operator in addition to a penalty of ₹1,00,000/- (Rupees one lakh only). The shifting charges so recovered will be refunded to the vessel’s agent while the penalty will be retained by the port.

(vii). In case of dispute on the average output, the decision of the port trust will be final and binding.

3.0 Transhipper/Trans-loader/Floating crane Charges using Own anchor
The charges for primary loading and uptopping of iron ore through transhippers/floating cranes shall be collected from the transhipper vessel / floating crane owners at the following rates:

<table>
<thead>
<tr>
<th></th>
<th>Rate per Tonne (₹)</th>
</tr>
</thead>
</table>
Primary Loading 10.00
Uptopping 5.00

(The above rates are based on consent terms agreed upon by both the parties before the Hon'ble Supreme Court of India during September 1996.)

4.0 SUNDARY CHARGES

4.1 HIRE OF EQUIPMENT & MACHINERY:
The port equipment and machineries used for purposes other than cargo handling shall be charged at the following rates:

<table>
<thead>
<tr>
<th>Sr. No.</th>
<th>Description</th>
<th>Rate (in ₹)</th>
<th>Unit</th>
</tr>
</thead>
<tbody>
