The date of entry of the vessel into the port shall be reckoned with as the day for such conversion.

(v). A regular review of exchange rate shall be made once in thirty days from the date of arrival of the vessels in cases of vessels staying in the port for more than thirty days. In such cases, the basis of billing shall change prospectively with reference to the appropriate exchange rate prevailing at the time of the review.

(c). The SWPL should notify the public such lower rates and / or rationalisation of the conditionalities governing the application of such rates and continue to notify the public any further changes in such lower rates and / or in the conditionalities governing the application of such rates provided the new rates fixed shall not exceed the rates notified by the TAMP.
